# Steel 24 In. x 3.5 In. Pipe Safety Bollard Garage Black

**MODEL BOL-G-24-3.5**

Protective Barriers / Garage Safety Bollard

## PRODUCT OVERVIEW

A garage safety bollard can be used both to protect expensive equipment in garages or other household areas. With a slightly smaller standing height than traditional industrial bollards, this bollard style protects the items at hand while occupying a reduced amount of valuable floor space. A black powder coat finish provides the unit with a smooth surface while also giving it a sleek look that won't take away from the ambiance of the room. Easy installation to a variety of surfaces.

## KEY FEATURES

- Safety bollard is used in residential garages
- Protect walls, appliances and other equipment
- Pre drilled mounting holes
- Powder coat finish offers an attractive long lasting look
